Dear Hiring Manager,

17 March , 2023

I am excited to apply for the Software Engineer position at your esteemed organization. As a recent graduate with a degree in Software Engineering, I am confident that my academic background and technical skills make me a strong candidate for this role.

During my studies, I developed a solid foundation in programming languages such as Java, Python, and C++. I also gained experience in software design, development, and testing methodologies, as well as familiarity with software development tools such as Git, Jenkins, and Jira. Through various academic projects and internships,

I have also honed my ability to work collaboratively in a team environment and to communicate effectively with both technical and non-technical stakeholders.

Furthermore, I am eager to continue learning and growing in the software development field. I am passionate about staying up-to-date with the latest technologies and best practices, and I am excited about the prospect of working alongside experienced professionals who can help me develop my skills further.

I am confident that my passion for software development, technical skills, and eagerness to learn make me a strong candidate for this position. Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further with you.

Sincerely,

*Thai Dinh Chinh*

*Software Engineer*

As a logician, I am process-focused with a pragmatic approach to problem-solving, and motivated to get things done, even in stressful environments. I have been entering the Information Technology sector with the initial steps. Although there are many difficulties and obstacles ahead. But I hope that you can give me a chance to be with you in this youth.
